Re: **Flight Academy/Wright Way Foundation-PDAC Application**

Dear PDAC Committee:

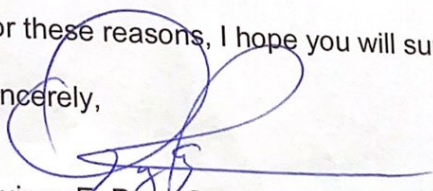

I am writing in support of the Wright Way Foundation's Priority Development and Advocacy Committee (PDAC) application for community development and youth programs.

The Wright Way Foundation has made significant impacts in our community by increasing stability, resiliency, and providing avenues for our youth to thrive.

Foundations like the Wright Way, ensure new generations of youth have the opportunity to engage in ways far beyond the classroom.

For these reasons, I hope you will support their application for funding.

Sincerely,
